

CyberFire Challenge

SHARPEN YOUR SKILLS IN CYBER AND COMPUTER SCIENCE

100% Free Virtual Event

Saturday March 25th, 2023

1pm - 7pm ET

Sponsored by US Dept of Energy's
Lawrence Livermore National Laboratory

Join us for a Jeopardy! style **Capture the Flag (CTF)** competition that will challenge you and build your skills in cybersecurity. You will participate with teammates to solve numerous challenge problems and puzzles with an emphasis on learning new skills.

This activity will develop familiarity with tools such as Wireshark, gdb, Python, and pattern/logic skills. The challenges will have several levels of difficulty to support a wide range of experience and participants.

Registration is required for this free program

Deadline for entry is March 23, 2023 at 5pm ET

Register at: <https://ceri.as/cyberfire>
